

Lung Cancer Prevention and Early Detection Network Kentucky Cancer Consortium Meeting AGENDA

Friday, April 17, 2015

Kentucky Broadcasters Association

101 Enterprise Drive, Frankfort, KY 40601

2:00 – 4:00 pm EST in person

If you unable to attend, conference call, 1-877-394-0659, passcode: 7250592994#

Purpose of the Network:

- Provide a forum for coordination and collaboration to impact lung cancer in Kentucky
- Focused on reducing environmental risk (radon and secondhand smoke), reducing smoking and increasing the percentage of Kentuckians at high risk for lung cancer who are detected at an early stage.
- The first initiative of this network is to develop clear, unified messages on these areas of lung cancer prevention and early detection to educate the public, community leaders, healthcare professionals, healthcare system leaders and policymakers regarding lung cancer prevention and early detection.

Meeting Objective:

- Continue revision of lung cancer screening section of CAP
- Discuss updates and progress re: KY LEADS C3
- Discuss patient participation in lung screening facilitators and barriers
- Highlight latest information and new opportunities re: radon prevention

Introductions, Meeting Purpose (10 min)

- Dr. Jennifer R. Knight, Kentucky Cancer Consortium (KCC)

Cancer Action Plan Strategies (40 min)

- Policy and systems changes
- Insurers
- Strategies needing more data and research

KY LEADS Component 3: Prevention and Early Detection (15 min)
