

Lung Cancer Prevention and Early Detection Network Kentucky Cancer Consortium Meeting AGENDA

Friday, April 18, 2014
Kentucky Chamber of Commerce
464 Chenault Rd, Frankfort, KY 40601
2:00 – 4:00 pm EST in person

Purpose of the Network:

- Provide a forum for coordination and collaboration to impact lung cancer in Kentucky
- Focused on reducing environmental risk (radon and secondhand smoke), reducing smoking and increasing the percentage of Kentuckians at high risk for lung cancer who are detected at an early stage.
- The first initiative of this network is to develop clear, unified messages on these areas of lung cancer prevention and early detection to educate the public, community leaders, healthcare professionals, healthcare system leaders and policymakers regarding lung cancer prevention and early detection.

Meeting Objective:

- Discuss highlights and action items on secondhand smoke and radon
- Review results of physician survey re: perspectives on lung cancer screening
- Develop audience segmentation plan based on results of physician survey

Introductions, Meeting Purpose and Update on Lung Cancer Screening for Public Messages (10 min)
