

Lung Cancer Prevention and Early Detection Network Kentucky Cancer Consortium Meeting AGENDA

Friday, June 20th
Kentucky Chamber of Commerce
464 Chenault Rd, Frankfort, KY 40601
2:00 – 4:00 pm EST in person

Purpose of the Network:

- Provide a forum for coordination and collaboration to impact lung cancer in Kentucky
- Focused on reducing environmental risk (radon and secondhand smoke), reducing smoking and increasing the percentage of Kentuckians at high risk for lung cancer who are detected at an early stage.
- The first initiative of this network is to develop clear, unified messages on these areas of lung cancer prevention and early detection to educate the public, community leaders, healthcare professionals, healthcare system leaders and policymakers regarding lung cancer prevention and early detection.

Meeting Objective:

- Discuss new information on tobacco treatment in Kentucky
- Discuss CMS initial decisions and next steps
- Discuss follow up to audience segmentation for physicians

Introductions, Meeting Purpose and Update on Lung Cancer Screening for Public Messages (5 min)

- Dr. Jennifer Redmond Knight, Kentucky Cancer Consortium (KCC)

Kentucky Lung Cancer Survivorship Grant Opportunity (Bristol Myers-Squibb Foundation) (5 min)

- Dr. Jamie Studts, University of Kentucky and University of Louisville

Tobacco Treatment

- **Determining optimal smoking cessation for patients with lung, head and neck cancers**
- **Cooper Clayton Method to Stop Smoking: What's next?**
