2:00 – 3:00 pm EST

### Purpose of the Network:

- Provide a forum for coordination and collaboration to impact lung cancer in Kentucky
- Focused on reducing environmental risk (radon and secondhand smoke), reducing smoking and increasing the percentage of Kentuckians at high risk for lung cancer who are detected at an early stage.
- The first initiative of this network is to develop clear, unified messages on these areas of lung cancer prevention and early detection to educate the public, community leaders, healthcare professionals, healthcare system leaders and policymakers regarding lung cancer prevention and early detection.

---

### Meeting Objectives:
