A Community Engaged Approach: The Terminate Lung Cancer (TLC) Study, Roberto Cardarelli, MD

To access the presentation:

- Go to the KCC website, [www.kycancerc.org](http://www.kycancerc.org) and go to Teams/Networks and the Lung Cancer Prevention and Early Detection Network for the presentation from Dr. Cardarelli under the Lung Cancer Screening Heading: "*A Community Engaged Approach: The Terminate Lung Cancer (TLC) Study*"
- It is password protected. User name = lung and Password = lung

Meeting Discussion

- Focus group results from Appalachian Kentucky with those eligible for lung cancer screening that are providing messages for community awareness re: lung cancer screening
- How to approach Corporate Offices (ie. Walmart, Lowes, etc) on allowing Lung Cancer Screening information to be available in the pharmacies?
  - Look to National Partners such as ALA and their work with CVS
  - Consider purchasing space on bags or receipts

(Note: A barrier presented in the TLC presentation included corporate offices being unwilling to allow information to be included at the pharmacy on Lung Cancer Screening.)

Action Items:

- Visit [www.terminatelungcancer.org](http://www.terminatelungcancer.org) or [www.terminatelungcancer.com](http://www.terminatelungcancer.com) for the Terminate Lung Cancer Project discussed **today** by Dr. Roberto Cardarelli.
- **If you are interested in using these materials to use with your communities and regions (except for Pikeville right now b/c they are part of the control group of this study), please email Jennifer, [jredknight@kycancerc.org](mailto:jredknight@kycancerc.org) and we can figure out next steps.**

- Determine how to approach corporate offices as a partner in disseminating Lung Cancer Screening information.

Current Policy-related efforts:

- Radon
  - Team members educated Julie Raque Adams in the Senate on radon prevention. She will be a champion for radon in the coming session.
