Meeting Discussion

Kentucky Cancer Program Plan to Be Tobacco Free program, Celeste Worth, celeste.worth@louisville.edu

- See presentation for details
- All KCP Regional Cancer Control Specialists have become "Tobacco Treatment Navigators" providing connections to resources at the community, state and national level to support people in tobacco cessation.
- Presenting at worksites/industries, health care facilities, schools/colleges, churches, public housing, others

Bristol Myers Squibb Foundation Grant, Kentucky Lung Cancer Survivorship Program, Jamie Studts, Principal Investigator, jlstu2@uky.edu

- Kentucky has been awarded a \$7,000,000 grant over 3 years for a Lung Cancer Survivorship Program with three primary components:
 - Provider education
 - Psychosocial Survivorship Support
 - Prevention and Early Detection
 - This Network is serving as the Community Advisory Board for the Prevention and Early Detection Component. Stay tuned for more details and opportunities. Drs. Tim Mullett and Jennifer Redmond Knight are co-leads for this component.

Tobacco policy, systems and environmental changes, Kristian Wagner, Kristian@kycancer.org

- Watch out for potentially divisive and derailing actions that appear like they should be good for health...stay tuned for more details
