

# KY Cancer Patient Navigators' Network Fall Forum— Evaluation Report Snapshot

November 2014

## PLANNING: Future Webinars/Upcoming Meetings

The purpose of this snapshot is to provide a brief summary of two key questions and their responses found in the KY Cancer Patient Navigators' Fall Forum-Evaluation Report related to:

- Topics that cancer patient navigators would like to learn more about in future webinars/upcoming meetings.

### **The top 5 most frequently indicated responses:**

- 1) Affordable Care Act and Cancer
- 2) Measuring success of cancer patient navigation efforts (what data to collect?)
- 3) Meeting CoC standards for Survivorship Care Plans
- 4) Dealing with compassion fatigue
- 5) Meeting CoC standards for patient navigation processes

- Topics that cancer patient navigators believe are the **highest priority** to learn more about in future webinars/upcoming meetings.

### **The top 5 most frequently indicated responses:**

- 1) Meeting CoC standards for Survivorship Care Plans
- 2) Meeting CoC standards for patient navigation processes
- 3) Measuring success of cancer patient navigation efforts (What data to collect?)
- 4) Fundraising to address patients' financial barriers
- 5) Cancer Patient Navigator certification-the national landscape

This information will assist the Kentucky Cancer Consortium (KCC) and their partners in planning to help address these educational needs of cancer patient navigators in future webinars and upcoming meetings.

The Kentucky Cancer Patient Navigators' Fall Forum was held on October 30, 2014 at the Kentucky Historical Society in Frankfort, KY. To view a copy of the Forum Evaluation Report, please go the KCC webpage at
