

Follow-up from the “Tobacco Treatment through the Cancer Patient Navigation Continuum of Care: Best Practice Interventions” Panel

-See attached article by Boudreaux et al. on Quit Rulers

-Link to quit rulers as well as an explanation of how they should be used from Case Western Reserve University:

<http://www.centerforebp.case.edu/resources/tools/readiness-ruler>

Dr. Audrey Darville has found the quit rulers for confidence and importance to be very helpful in both stimulating conversation and making progress toward a goal. She welcomes anyone with questions to contact her at Audrey.darville@uky.edu.
