

# Did you know ?

Hundreds of Kentuckians in the Cumberland Valley Area Development District die each year from cancers that might have been prevented or found early through screening. Among these screenable cancers...

**...LUNG CANCER is the No. 1 killer.**

Deaths from Screenable Cancers in Kentucky, 2011-2015

Source: Kentucky Cancer Registry, 2018

Now you know,  
Now you can!

The Kentucky Cancer Consortium is a coalition of over 70 organizations working together to reduce cancer in Kentucky.
