

Is RADON the Missing Piece?

It Takes **2**

Did you know?
The lifetime risk of radon-induced lung cancer is 62 per 1,000 ever smokers compared to 7 per 1,000 never smokers.

Learn how to talk with patients about radon. Earn 3 FREE CE hours.

Get started at: tinyurl.com/RadonCE-HealthProfessionals  tinyurl.com/RadonCE-Nurses
for CHES, CME, RRT, RS & Other CEs for KBN CEs

This activity is jointly provided by the University of Kentucky College of Nursing, College of Medicine and the Kentucky State Radon Program.

It takes two strategies to reduce lung cancer risk. Talk to your patients about reducing radon and eliminating tobacco smoke from their homes. Learn how with our **FREE, online Radon training** and **earn 3 Continuing Education hours**. Gain information on the health consequences of radon exposure and the combined effects of radon and tobacco smoke.

- **Nurses**, you can earn 3 KBN hours! Visit www.tinyurl.com/RadonCE-Nurses to get started.
- **Health Professionals**, you can earn 3 CME, CHES, RRT, RS or Other hours! Visit www.tinyurl.com/RadonCE-HealthProfessionals to get started.
