

Dear **Kentucky Cancer Consortium** Partners:

The Kentucky Cancer Consortium (KCC) is pleased to provide you with the **August 14, 2019** issue of "Wednesday's Word", a KCC communication resource relaying recent state and national cancer control articles, resources, events and tools to your "cyber-doorstep". You may read archived editions on [our website](#). If your organization has a cancer-related item for Wednesday's Word or someone wants to be added to Wednesday's Word, feel free to contact Jennifer Knight at jennifer.knight@uky.edu (**note new email address. The old one is still forwarded for now**)

Sincerely, Kentucky Cancer Consortium Staff

CATEGORY	TITLE
Colon Cancer	<ul style="list-style-type: none">• Dr. Thomas Tucker and colleagues were invited to submit the article titled "Unlocking the Potential of Population-Based Cancer Registries" has been published online in advance of publication in <i>Cancer</i>. The article contains a description of how data was used to both identify the colorectal cancer burden in Kentucky and how the data were used to measure changes over time. The article has been published as "open access" and will be of interest to you all! You may download a copy for free at https://onlinelibrary.wiley.com/doi/full/10.1002/cncr.32355• The Kentucky Cancer Consortium's Colon Cancer Committee is hosting a planning retreat on Thursday, September 26, 2019. For more information, contact Jennifer Redmond Knight, jennifer.knight@uky.edu
