

Kentucky Cancer Consortium Lung Cancer Network Lung Cancer Screening Learning Collaborative Launch

June 12, 2025 | 9:30 am – 2:00 pm EST
Thomas D. Clark Center for Kentucky History
100 W. Broadway, Frankfort KY, 40601

Purpose of the KCC Lung Cancer Screening Learning Collaborative

- Expand and implement a statewide lung cancer screening learning collaborative
- Discuss strategies and partnerships that have helped increase access to screening in Kentucky communities
- Address the most common challenges faced by lung cancer screening partners

Purpose of June 12th Lung Cancer Screening Learning Collaborative Launch

- Highlight what is on the horizon for lung cancer nationally and in Kentucky
- Connect with colleagues working to increase lung cancer screening in Kentucky
- Find out how to participate and provide input in the learning collaborative series

Who should attend? Lung cancer screening programs (healthcare systems), healthcare professionals, statewide organizations, community organizations, national organizations, payers, and other partners related to lung cancer screening
