

Kentucky Lung Cancer Screening Learning Collaborative

October Session:

Tapping Into the Potential of Lung Cancer Screening Through Communication and Outreach

Date & Time

October 21, 2025

12 PM ET

Virtual Event

Registration Below

Objective:

To address aspects of communication such as avoiding stigma, increasing motivation to be screened, and tips for an effective shared-decision making conversation. We will also have a panel discussion with representatives from the [Kentucky Cancer Program](#) and community partners.

Virtual Meeting
