## **BUNDLING CANCER SCREENING INTERVENTIONS: HOW DOES LUNG FIT IN?**

**SPEAKER: ANNIE LALLY BSN, RN**

**REGISTER  
TODAY!** 

Join us on Wednesday, May 6, 2026, from 12:00pm – 1:30 PM ET for the final virtual session of the Kentucky Lung Cancer Learning Collaborative as we discuss, “Bundling Cancer Screening Interventions: How Does Lung Fit In?” Guest speaker Annie

Lally, BSN, RN of Rush University Medical Center, will explore why bundling cancer screenings is becoming a powerful strategy to boost early detection and streamline preventive care; how lung cancer screening naturally aligns with other routine screenings; and how pairing them can be a win-win for both patients and health systems.

**Health care  
providers, public  
health  
professionals,  
researchers, and  
community  
partners.... all are  
encouraged to  
attend!**
