

How do you identify the Sarahs in your community?

- Patients overwhelmed by bills
- Distress Screening,
- Consults from the clinics
- Referrals from partners

How do you learn about new resources?

- Live document and shared resource hub
- Google
- Calling partners
- Meetings like this!
- Webinars
- Reading our partners' newsletters
- KCC wed word
- Cancer.org

How do you evaluate your navigation program?

- We have a board member contact our support seekers after a month or two to ask how their peer navigator is doing in supporting them
- Evaluate /survey if and how the patient experience was enhanced - (activities, outputs, short- and long-term outcomes)
- ACS National Navigation Roundtable - Resource Center
- ACS Leadership in Oncology Navigation

How can we invest grant funding to support financial navigation?

- Information on serving underserved populations such as culturally diverse groups that tend not to reach out to healthcare
- Innovative ways for outreach for early detection
- Triage Health

What topics would you like us to cover next?

- Research - evaluation on where the financial needs are in each community/clinic
- Process evaluation
